

FREE! 8 English lessons to help you understand and speak English in the UK

Start date: Wednesday 12th October, 11.00am-1.00pm at the Encounter Centre, Birchwood

Aim: to help the attendees achieve a reasonable level of listening and speaking skills, so aiding their communication in UK daily life.

Before each lesson, we will discuss anything from the previous week's home work. Lessons are divided into two parts, with a break in the middle.

Part 1: Practise your listening skill (35 minutes)

There will be a topic led short talk, video or role play, interactive games or quiz, followed by an opportunity to discuss or ask questions in small groups.

Half hour break – snacks & drinks (An opportunity to experience food that people in Britain enjoy.)

Part 2: Practise your speaking skill (45 minutes)

In small groups, (ideally with a 1:3 teacher to pupil ratio) you will be practising conversation. The teacher is there to guide and help.

Learn a little and practise a lot: The idea is to use what you have learned as often as you can. To help you practice, we will have activities each week where you try to speak English. **We find that those who practise speaking English at home will benefit a lot more than just attending the class each week.**
